holiday wishes from my family to yours

The holiday season is one of my favorite times of the year.

Of course, I think I say that when each season returns... winter, spring, summer, fall. I love them all. Still, there is something special about winter when a fresh blanket of snow quietly envelops the dark gray trees and branches.

Holiberry begins with that imagery – the snowy whites and grays of freshly fallen snow, clouds, and trees. Against that backdrop, I added the brightly hued reds and greens of the season with holly, berries, poinsettias, and pine. This collection includes basic prints that mix with other collections as well as sweet holiday florals. You know my love of stripes so I had to have a perfect candy cane stripe to use for all of those quilt bindings. I hope Holliberry invites you to reminisce about holidays past and cherish those to come. Holiday wishes from my family to yours.
