3. For Layout 1 Options 1 & 2, lay out the quilt centers using the diagram shown below. The colored block size guide listed on Page 1 will assist in block placement. Place B triangles along the perimeter of the quilt center as shown to create straight edges along the quilt. Place A triangles at the (4) corners of the quilt center. Diagrams show accurate piecing methods.
4. A and B triangles are slightly oversized to allow for precise and accurate trimming due to variances in diagonal set quilts. Trim the quilt center to measure 51 1/2" x 51 1/2" unfinished.
