

LETTERS TO SANTA QAL PLANNING SHEET

Whether you want to make a small or large quilt of Christmas-themed words, use this grid to plan your letter placements and colors for Moda's Letters to Santa Quilt-Along! Each square equals 1 letter block or 1 filler block in the final quilt. For example, if you want to make a quilt that finishes 55"x70", only use 11 blocks across and 10 blocks down when laying out your design. We recommend a pencil with a good eraser in case of changes as you go—and don't forget your filler blocks in between words!

If you will be adding a border around your quilt, simply add that amount to the sizes listed below. Moda's quilt will have 1½" borders all around, so we would add 3" to both the width and the height. And note, the width of your quilt may grow a little depending on how many filler blocks you have per row, so please think of the measurements below as approximations.
