# RASPBERRY SUMMER

by Sherri & Chelsi

## **RASPBERRY SUMMER EVOKES MEMORIES**

of warmer months when vibrant blooms and colors abound in nature, happy mornings picking raspberries, coastal flower gardens, and summer travels spent soaking up the sunshine.

This fresh palette of color and design inspires with a delightful mix of red, pink, orange, yellow, green, aqua, teal and navy. With whimsical florals, pretty paisleys, small and medium scale prints, and a delightful Dresden print, this collection offers an immense array of options for quilting and sewing.

Have a delightful Raspberry Summer,  
-Sherri and Chelsi
