Forever inspired by my faith and all creation around us, Songbook - A New Page just had to come out. This follow-up collection to Songbook is filled with florals, both bold and sweet, more songs of hope, and elements from nature.

Create timeless treasures with the large panel of hymns and the smaller, tonal options. You'll find strong blues to warm hues to work with in the collection.

Songbook - A New Page was a joy to create, and the hymns are sure to once again have you singing along.
