

Sunnyside Up

BY COREY YODER

*"Grab your coat and get your hat. Leave your worry on the door step.
Just direct your feet to the sunny side of the street."*

Now that you have that song playing in your head as I have for the last several months as I have been working with these fabrics, let me introduce you to my new collection, Sunnyside Up.

Sunnyside Up continues my love of a warm, happy palette featuring all of the colors of the rainbow. From warm reds to sunny yellows, all the way to a beautiful orchid purple, this collection has a dash of all of my favorite colors. Flowers are another one of my favorite things – “these are a few of my favorite things”... sung in your best Julie Andrews’ voice of course – so you will find Sunnyside Up is filled with flowers, big and small.

I have also added a Sunny panel fabric to the mix which I am especially excited about. This panel is the perfect jumping off point for not only quilts but pillows, bags, aprons, pouches... you name it. I hope this collection brightens your day and brings sunshine your way.
