

Urban Homestead Gatherings Wovens

BY: PRIMITIVE GATHERINGS

Style is about expressing who you are without having to say anything. With its neutral palette, the woven stripes and plaids of Urban Homestead Gatherings mix traditional roots with a modern aesthetic. The brushed side of the fabric makes cozy quilts and projects suited to urban farmhouse style, while the non-brushed side fits contemporary home décor and accessories. And the colors and textures can be used on their own, or mixed with prints to create something distinctive.
