

Established in 1983, Aurifil is an accomplished Italian company based near Milano, with a full-grown experience in producing superior quality cotton threads for professional and domestic quilters. Our company headquarters is the ground where new ideas generate original items, always more refined and advanced.

**Aurifil's 50wt/2ply thread** is our most versatile and most popular Cotton thread. It is available in all 270 of our Cotton colors, and is wound on our iconic orange spool. The 50wt is strong and thin, and results in remarkably flat and crisp seams. While it is wonderful for piecing, subtle quilting & topstitching, and English Paper Piecing it also works incredibly well for Needle Turn Applique, Bobbin and Machine Lace, Machine Applique (Straight Stitch, ZigZag, Blind Hem and Blanket Stitch,) Machine Embroidery, Dense Machine Quilting, Subtle Machine and Longarm Quilting, Basting, Whole Cloth and Micro Quilting, and Dense Background Designs.

**Needle Recommendations:**

80/12 Microtex/Sharp, Universal, Quilting, or Denim Needles (50wt in the bobbin)  
4.0 Longarm Needle (50wt in the bobbin)
