## moda Bella Solids Classic 2-color Quilts

The appeal of two-color quilts is universal, as they can be both classic and modern, subtle and dramatically bold. With Moda Bella Solids, there is an infinite variety of color combinations.

So for 2022, we're sharing six two-color **Bella Classics** quilts.

Starting February 4, we will share new quilts, tips and color options on the first Friday of every other month on the Inspiration+Resources page of the Moda website. The Bella Classic 2 will be shared on Friday, April 1. While we're switching up colors each month, this is a perfect way to start a collection of two-color quilts in blue and white, or red and white.

The **Bella Classics** patterns are free downloads for stores, and you are welcome to share them as best suits you – in a kit, in a class, at an event. Choose one pattern to use or all of them. You can even host your own QAL using any of the patterns and your favorite line of Moda prints.

The patterns will be available on the Moda website under **Marketing Tools**. (Remember that you need to be logged into your account to access that page.)

We also have all of these quilts available for trunks shows.

Enjoy!
