

200 Diamonds

- 25 diamonds per star point
- 8 star points per lone star

Check out my tutorial on the Moda Bake Shop Website where we can make a 200 diamond lone star medallion from a jelly roll!

It's a great 59" x 59" free pattern, perfect to add borders to customize to the size you want!

You can read more about that quilt on my website at

There you can download the 7 page eBook with even more size lone star designs to color!
